

FIRST GRADE

BLIZZARD BAG

DAY 6

*Day 6

Reading

- Read the story The Moon and answer questions.

Writing

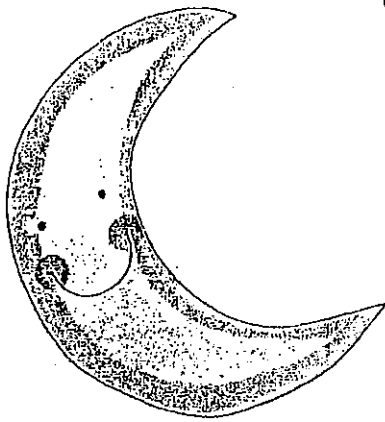

- Complete the brainstorming page. Write your story on the lined paper.
- Making Words: Write as many words as you can from the word winter.

Math

- Complete Iceberg Bird.
- Complete Problem Solving.

Name _____

Read the text below and answer the questions.

The moon travels around the Earth. It takes almost one month for the moon to get all the way around the Earth. The moon does not make its own light. We can see the moon at night because the sun's light reflects off of it. It looks like the moon changes shape in the sky because of the way the sun's light shines on it. These different shapes are called the moon phases. Take a look at the moon each night and watch it change.

1. What is this story about? _____

2. About how long does it take for the moon to travel around the Earth?

3. Does the moon give off its own light? _____

4. What makes the moon light up? _____

5. Why does the moon look like it's changing shapes? _____

WINTER WRITING – Brainstorming

Think about what you did on your snow day. Brainstorm some ideas.

If you get stuck...Think about...

Who were you with?

What did you play?

How did you feel?

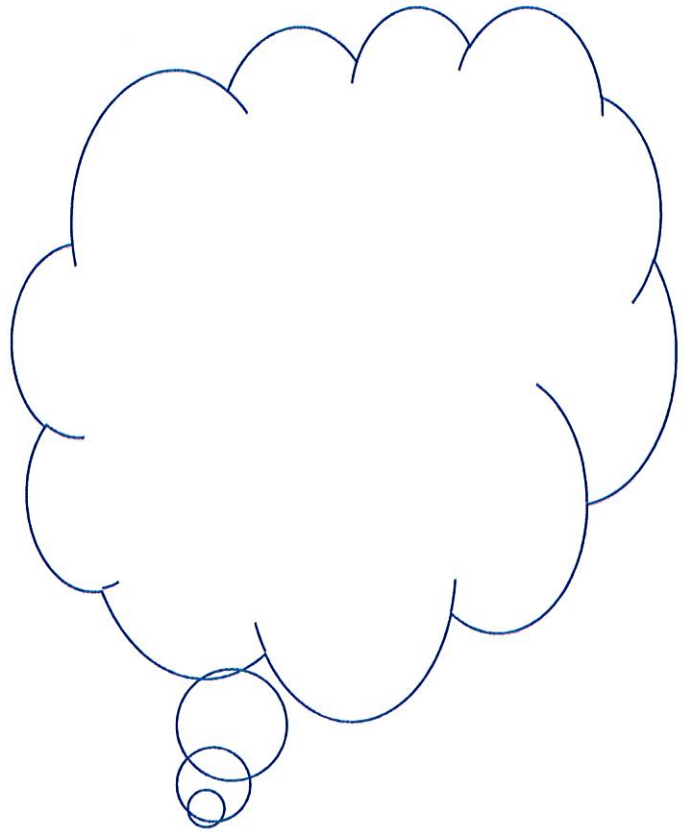

Where did you go?

Did you build anything?

What did you eat?

Did you help?

Write your ideas in the bubble.

Now put your ideas in order.

FIRST	NEXT	LAST

Making Words

How many words can you make from the word

WINTER

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

Write more words on another sheet.

Name _____

Iceberg Bird

Subtract.

$\begin{array}{r} 10 \\ -0 \\ \hline \end{array}$	$\begin{array}{r} 9 \\ -3 \\ \hline \end{array}$	$\begin{array}{r} 8 \\ -4 \\ \hline \end{array}$	$\begin{array}{r} 10 \\ -9 \\ \hline \end{array}$	$\begin{array}{r} 9 \\ -6 \\ \hline \end{array}$	$\begin{array}{r} 10 \\ -1 \\ \hline \end{array}$
i	s	u	e	n	w

$\begin{array}{r} 10 \\ -2 \\ \hline \end{array}$	$\begin{array}{r} 7 \\ -5 \\ \hline \end{array}$	$\begin{array}{r} 9 \\ -4 \\ \hline \end{array}$	$\begin{array}{r} 10 \\ -3 \\ \hline \end{array}$
o	t	y	c

Write the matching letter above each number to solve the riddle.

Riddle:

What do you say when you meet a penguin?

Answer:

3 10 7 1 2 8 6 3 8 9 5 8 4

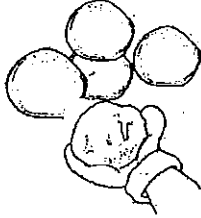

Problem Solving

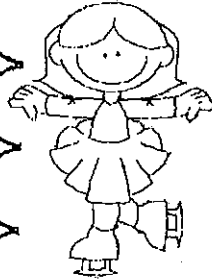

Name: _____

Solve each problem and show your work. Then write your answer and label it in the answer box.

Joe made 8 snowballs. Then his brother made 10 more snowballs. How many snowballs did they have in all?

On Friday 7 girls went ice skating. Then 8 more girls came to join them. How many girls were there altogether?

Yesterday there were 7 blue birds in the yard. Then 6 more joined them. What is the total number blue birds in the yard?

Matt snowboarded down the hill 5 times in the morning and 9 times in the afternoon. How many times did Matt snowboard down the hill?
