

**TRANSYLVANIA COUNTY SCHOOLS
ANNUAL PUBLIC NOTICES
2018-2019**

A. Student Records: Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act ("FERPA"), a federal law, gives parents and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- The right to inspect and review your child's education records within forty-five (45) days of the day the school receives a request for access. You should submit to the school principal a written request that identifies the record(s) you wish to inspect. The principal will make arrangements for access and notify you of the time and place where the records may be inspected.
- The right to request an amendment of your child's education records that you believe are inaccurate or misleading. You should write the school principal, clearly identify the part of the record you want changed and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested, the school will notify you of the decision and advise you of your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to you when you are notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in your child's education records. FERPA requires that the school obtain your written consent prior to the disclosure of any such information with certain exceptions. School Officials with a legitimate educational interest are an exception and do not need parental consent. For a complete list of the disclosures that elementary and secondary schools may make without parental consent see 34 CFR Part 99.37.
- A School Official includes any of the following when that person has a "*legitimate educational interest*" in having access to the information:
 - a. Any administrator, certified staff member, or support staff member (including health, medical, safety, and security staff) employed by the school district;
 - b. A school board member;
 - c. A contractor, consultant, volunteer, or other party to whom the school district has outsourced services or functions, such as (but not limited to) an attorney, auditor, cloud storage provider, consultant, expert witness, hearing officer, law enforcement unit, investigator, insurer/insurance company adjuster, investigator, or any other claims representative, medical providers or consultants, or counselors/therapists, provided that the person is performing a service or function for which the school district would otherwise use employees, is under the direct control of the school district with respect to the use and maintenance of education records, and is subject to FERPA requirements governing the use and re-disclosure of PII from education records;
 - d. A person serving on a committee appointed by the school board or by the administration of the school district, such as a disciplinary or grievance committee or other review committee.

A school official has a "legitimate educational interest" if the official needs to review an education record in order to fulfill his or her professional responsibility.

- The School District may release "directory information" about a student unless you have advised the school to the contrary. The School District has designated the following information as directory information:

Student's Name	Degrees, honors, and awards received
Address	Date and place of birth
Telephone listing	Electronic mail address
Photograph	Participation in officially recognized activities and sports
Major field of study	Weight and height of members of athletic teams
Grade level	Most recent educational agency or institution attended
Dates of attendance	Enrollment status

- The primary purpose of directory information is to allow the school to include this type of information from your child's education records in certain school publications. Examples include:
 - i. A playbill, showing your student's role in a drama production;
 - ii. The annual yearbook;
 - iii. Honor roll or other recognition lists;
 - iv. Graduation programs; or
 - v. Sports activity sheets, showing weight and height of team members.
- Directory information may also be disclosed to outside organizations without your prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.
- In addition, under federal law, we are required to provide military recruiters and institutions of higher education, upon their request, with the names, addresses and telephone numbers of high school students unless the student or parent has advised the school that they do not want such information disclosed without their prior written consent.
- If you do not want the school to disclose some or all of the directory information described above from your child's education records to all or certain recipients without your prior written consent, the School District must be notified in writing within fourteen (14) days of the beginning of the school year or within fourteen (14) days of your enrolling in the School District. For your convenience, a form that can be used for this purpose is provided at the end of this Notice. An "opt out" is perpetual and can only be rescinded in writing.

F. Student Health: N.C.G.S. § 115C-375.4

With the passage of N.C.G.S. 115C-375.4, the School District must provide families with information on Influenza and Meningococcal diseases and the vaccines that are available to prevent each. Influenza ("flu") is caused by a virus that spreads from infected persons to the

nose or throat of others. Influenza can cause fever, sore throat, chills, coughs, headache and muscle aches.

Anyone can get influenza. Most people are ill with flu for only a few days, but some get much sicker and may need to be hospitalized. Influenza causes an average of 36,000 deaths each year in the U.S., mostly among the elderly.

Influenza vaccine is available in two types. Inactivated (killed) flu vaccine, given as a shot, has been used in the U.S. for many years. A live, weakened vaccine, FluMist, was licensed in 2003. It is sprayed into the nostrils. It is available for persons age 5-49 years of age. Influenza viruses change often. Therefore, influenza vaccine is updated every year. Protection develops in about 2 weeks after getting the shot and may last up to a year. The best time to get the vaccine is in October or November. Contact your local health department or physician for more details on cost and time vaccine will be available.

Meningococcal disease is a serious illness, caused by bacteria. It is the leading cause of bacterial meningitis in children 2-18 years old in the United States. Meningitis is an infection of the brain and spinal cord coverings. Meningococcal disease can also cause blood infections. About 2,600 people get meningococcal disease each year in the U.S. Ten to fifteen percent of these people die, in spite of treatment with antibiotics. Of those who live, another 10% have chronic complications. It is most common in infants less than one year of age, international travelers, and people with certain medical conditions. College freshmen, particularly those who live in dormitories, have a slightly increased risk of getting meningococcal disease.

Learn more about these vaccines by consulting with your family doctor or nurse or contacting the Transylvania County Department of Public Health at 828-884-3135 or contacting the Centers for Disease Control and Prevention (CDC) at 1-800-232-2522 (English) or 1-800-232-0233 (Spanish) or visiting <http://cdc.gov/vaccines/>.

G. Student Health: N.C.G.S. § 115C-47(51)

North Carolina General Statute § 115C-47(51) requires schools to provide information concerning cervical cancer, cervical dysplasia and human papillomavirus and the vaccines available to prevent these diseases. This section is only applicable to students in grades 5-12.

Information on these diseases and the vaccines can be found at www.cdc.gov/vaccines/vpd-vac. Those individuals without internet access can contact a school nurse or Transylvania County Department of Public Health at 828-884-3135.

H. North Carolina Safe Surrender Law

Pursuant to N.C.G.S. §7B-500(b), a female may legally surrender her newborn baby to a responsible adult without fear of criminal prosecution. While any responsible adult may receive a newborn, School Social Workers, School Nurses, counselors and law enforcement agents are examples of responsible adults who are familiar with this law. More information can be found at <http://www.ncdhhs.gov/assistance/pregnancy-services/safe-surrender>. Those individuals without internet access can contact a school nurse or social worker.

I. Asbestos Hazard Emergency Response Act

This notice is provided to you with information regarding the Asbestos Hazard Emergency Response Act (AHERA) Management Plan for the Transylvania County Schools. AHERA is a provision of the Toxic Substance Control Act and was passed by Congress in 1986. It requires schools to "ensure that workers and building occupants, or their legal guardians, are informed at least once each school year about inspections, response actions, and post-response action activities, including periodic re-inspection and surveillance activities that are planned or in progress as well as the availability of the AHERA Management Plan for public review." (§763.84(c))

Regulation Code: 4302-R Rules For Use Of Seclusion And Restraint In Schools

The following rules will govern the use of seclusion and restraint by school personnel. As used in this regulation, "school personnel" means employees of the board and any persons working on school grounds or at a school function (1) under a contract or written agreement with the school system to provide educational or related services to students or (2) for another agency providing educational or related services to students.

A. PHYSICAL RESTRAINT

Physical restraint means the use of physical force to restrict the free movement of all or a part of a student's body.

Physical restraint will be considered to be a reasonable use of force when used in the following circumstances:

2. as reasonably needed to maintain order or to prevent or break up a fight;
3. as reasonably needed for self-defense;
4. as reasonably needed to ensure the safety of any student, employee, volunteer, or other person present;
5. as reasonably needed to teach a skill, to calm or comfort a student, or to prevent self-injurious behavior;

7. if used as provided for in an IEP, Section 504 plan, or behavior intervention plan; or
8. as reasonably needed to prevent imminent destruction to school or another person's property.

Except as set forth above, physical restraint of students will not be considered a reasonable use of force, and its use is prohibited. In addition, physical restraint will not be considered a reasonable use of force when used solely as a disciplinary consequence.

B. MECHANICAL RESTRAINT

Mechanical restraint means the use of any device or material attached or adjacent to a student's body that restricts freedom of movement or normal access to any portion of the student's body and that the student cannot easily remove.

Mechanical restraint of a student by school personnel is permissible only in the following circumstances:

3. as reasonably needed to obtain possession of weapons or other dangerous objects on the person or within the control of a student;
4. as reasonably needed for self-defense;
5. as reasonably needed to ensure the safety of any student, employee, volunteer, or other person.

Except as set forth above, mechanical restraint, including the tying, taping, or strapping down of a student, will not be considered to be a reasonable use of force, and its use is prohibited.

C. SECLUSION

Seclusion means the confinement of a student alone in an enclosed space from which the student is (a) physically prevented from leaving by locking hardware or other means or (b) incapable of leaving due to physical or intellectual capacity.

Seclusion of a student by school personnel may be used in the following circumstances:

1. as reasonably needed to respond to a person in control of a weapon or other dangerous object;
2. as reasonably needed to maintain order or prevent or break up a fight;

5. when used as specified in the student's IEP, Section 504 plan, or behavior intervention plan; and
 - a. the student is monitored by an adult in close proximity who is able to see and hear the student at all times while the student is in seclusion;
 - b. the student is released from seclusion upon cessation of the behaviors that led to the seclusion, or as otherwise specified in the student's IEP, Section 504 plan, or behavior intervention plan;

- c. the confining space has been approved for such use by the local education agency;
- d. the space is appropriately lighted, ventilated, and heated or cooled; and
- e. the space is free from objects that unreasonably expose the student or others to harm.

Except as set forth above, the use of seclusion is not considered to be reasonable force, and its use is prohibited. In addition, seclusion will not be considered a reasonable use of force when used solely as a disciplinary consequence.

D. ISOLATION

Isolation means a behavior management technique in which a student is placed alone in an enclosed space from which the student is not prevented from leaving.

Isolation is permitted as a behavior management technique provided that:

- 1. the isolation space is appropriately lighted, ventilated, and heated or cooled;

L. Parental Information for Title I Schools

All elementary schools (grades K-5) in this District receive federal funding through Title I. These funds are used to provide supplemental instruction to students who are in need of assistance in the area of reading and, on occasion, in the area of mathematics. Our goal is to provide early intervention to struggling learners.

Federal guidelines require that school districts provide a process by which parents may request the qualifications of their child's teacher, insuring that the teacher meets Highly Qualified standards. As a parent of a student in a Title I school, you have the right to know the following information:

- 1. Whether the teacher has met state qualifications for the grade levels and subject areas in which the teacher provides instruction;
- 2. Whether the teacher is teaching under emergency or other provisional status through which state qualifications have been waived;
- 3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
- 4. Whether the child is provided services by paraprofessionals and, if so, their qualifications.
